PROFILE

To secure a .NET Developer position where I can leverage my expertise in ASP.NET Core, C#, and REST API development to create robust, scalable back-end solutions. With a strong foundation in HTML5, CSS3, JavaScript, Bootstrap, and React for front-end integration, I aim to contribute to impactful projects, collaborate with cross-functional teams, and stay ahead of emerging .NET technologies. My goal is to deliver high-performance, responsive applications that align with business objectives and enhance user experience.
